NATIONAL SERVICE SCHEME *Blood Donation Camp - 03-03-2026*

The NSS Cell, SDG Cell, and IEEE Student Branch of Panimalar Engineering College organized a Blood Donation Camp on 3 March, 2026 at the College Campus. The primary objective of the camp was to foster a spirit of service, social responsibility, and awareness about voluntary blood donation among students and faculty members.

The objective of the camp was successfully achieved, as students (both male and female), faculty members, and staff members voluntarily came forward to donate blood and support this noble cause. Their enthusiastic participation reflected the strong sense of compassion and social responsibility within the campus community.

The camp was conducted smoothly with the dedicated support of the technical team from the Blood Bank, Panimalar Medical College Hospital and Research Institute, who handled the entire process in a professional and organized manner. Encouraged by the positive response, the institution plans to organize more such blood donation camps in the future to further promote awareness and contribute to society.
