LIST OF EVENTS CONDUCTED BY THE DATASCIENCE CLUB

ACADEMIC YEAR 2021-22

S.NO	EVENT DATE	EVENT NAME	EVENT DESCRIPTION	TARGET STUDENTS
1.	18/03/2022	Orientation programme	Orientation session delivered by Mrs. A. Rama Devi, Developer Lead, Global Soft Technologies, introducing students to Data Science concepts, career opportunities, and industry expectations.	60
2.	28/03/2022	Data Mining Techniques	Guest lecture by Dr. K. Sridevi, Professor, Veltech Hightech Engineering College, focusing on data mining methods such as classification, clustering, and association rule mining.	60
3	04/04/2022	Workshop on Learning, Modeling and Interference with data	Hands-on workshop covering machine learning fundamentals, model building, training, and inference techniques using real-world datasets.	60
4	19/05/2022	Data science process and principles	Session explaining the complete data science lifecycle including data collection, preprocessing, modeling, evaluation, and deployment principles.	60
5	11/05/2022	Guest Lecture on Visualization, summarization and analytics	Expert talk on data visualization, statistical summarization, and analytical techniques for extracting insights from structured and unstructured data.	60
6	23/05/2021	Workshop on Acquisition, storage and retrieval for large-scale data science	Workshop focusing on big data concepts including data acquisition, storage systems (Hadoop/Cloud), and efficient data retrieval techniques.	60
