HIGHLIGHTS OF ACTIVITIES

1. The Eco-Friendly Writing Initiative to promote sustainable practices among students and faculty. As part of this initiative, seed pens were distributed to encourage the use of **eco-friendly and biodegradable stationery**. The activity aimed to create awareness about environmental conservation and inspire individuals to adopt sustainable lifestyle choices.

Eco-Friendly Writing Initiative conducted on 12.07.2024, where seed pens were distributed to promote Green Writing for a Better Tomorrow

2. Save Our Shores Campaign conducted where a beach cleaning drive was carried out to promote **environmental conservation and maintain coastal cleanliness**. The initiative focused on removing plastic and waste from the shoreline, creating awareness about marine pollution, and encouraging students to adopt responsible waste disposal practices.

Save Our Shores Campaign conducted on 14.10.2024, where a beach cleaning drive was carried out to promote a cleaner coast and a healthier environment.

3. Sustainable Glow Movement conducted where organic candles were distributed to faculty members and class representatives to promote eco-friendly living and sustainable practices. The initiative emphasized the use of **environmentally friendly alternatives to conventional products**, raising awareness about reducing carbon footprint and encouraging sustainable lifestyle choices.

Sustainable Glow Movement conducted on 04.02.2025, where organic candles were distributed to promote sustainable living.
