DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

COLLABORATIVE LEARNING PLATFORM

Name of the Organization: ORACLE

Incharge Details

Faculty Co-ordinators :

Dr M S Maharajan, Associate Professor /AI&DS

Mrs C Gomathi, Assistant Professor / AI&DS

Mr M Prasanth, Assistant Professor /AI&DS

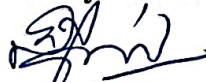

Objectives

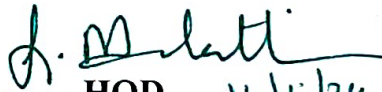

- Emphasizes database administration tasks such as user management, security implementation, backup, and recovery techniques. With the growing importance of cloud computing, the course further introduces learners to Oracle Cloud Infrastructure, helping them understand cloud architecture, resource management, and deployment of applications in a cloud environment.
- To help learners understand fundamental concepts of relational databases, including data organization, normalization, and efficient data retrieval using SQL queries and to equip students with skills in PL/SQL programming, enabling them to create stored procedures, functions, and triggers for building robust database applications.

Outcomes:

- 1456 Students Completed Oracle Certification
- 65 Faculty members are completed Certification.
