

## **Hexaware Premier League 2025 – A Celebration of Sportsmanship and Team Spirit**

Panimalar Engineering College, in association with Hexaware Technologies, successfully organized the Hexaware Premier League (HPL) 2025 at the Panimalar Engineering College Cricket Ground from August 1 to 13, 2025. The tournament served as a vibrant platform to promote teamwork, fitness, and sportsmanship among participants, strengthening the bond between academia and industry.

The grand inaugural ceremony was graced by Mr. Krishna Balagurunathan, Chief Mentor and Associate Vice President (AVP) at Hexaware Technologies, and Dr. P. Chinnadurai, M.A., Ph.D., Secretary and Correspondent, Panimalar Group of Institutions. Their presence added immense value and inspiration to the event, motivating young talents to excel both on and off the field.

The Hexaware Premier League 2025 not only celebrated sporting excellence but also highlighted the importance of collaboration between industry and educational institutions in fostering holistic development. The event concluded on a high note, with participants and organizers commended for their dedication and spirited participation.

## **Mavericks Hackathon 2025 – Fostering Innovation Through Collaboration**

The Mavericks Hackathon 2025 was organized by Panimalar Engineering College in association with Hexaware Technologies on August 21, 2025. The event provided an excellent platform for aspiring innovators to demonstrate their technical expertise, creativity, and problem-solving capabilities while addressing real-world challenges drawn from industry needs.

Teams from various engineering colleges participated with great enthusiasm, working on six unique problem statements designed by experts from Hexaware Technologies. For each problem statement, a winner and runner-up team were selected and honored for their innovative approaches and teamwork.

The valedictory ceremony was graced by Mr. Rahul Dravid, former Indian cricket player, whose inspiring address motivated participants to pursue excellence, resilience, and collaboration — qualities essential in both sports and technology.

The Mavericks Hackathon 2025 stood as a testament to the power of academia-industry partnerships, reinforcing Panimalar Engineering College's dedication to nurturing innovation-driven, future-ready technologists.
